

South Wellington Intermediate School

Challenge, Engage, Inquire, Inspire

Activities outside of School Grounds Agreement

South Wellington Intermediate uses the environment immediately outside of the school grounds to enhance learning. This area is clearly defined in the map below and includes, but is not limited to, Wellington Zoo, Martin Luckie Park, Macalister Park and Newtown Park.

1. I agree to my child participating in learning activities which may require them being outside of the school grounds but within the area as marked on the attached map.
2. I understand that all movement within this zone will be on foot.
3. I understand that appropriate adult supervision will be in place at all times and this will be modified depending on the learning task, venue, number of students and route taken.
4. I understand that where possible, teachers will alert me beforehand that an activity off school grounds will be taking place.
