Message from the DPs:

Last week I (Howard) had the pleasure of working with the girl's hockey team as they competed in the WRISSA hockey tournament. I'm sure they won't mind me sharing we did not have a hugely successful day on the pitch, but a most successful day in other aspects. Throughout the event the team remained in high spirits, enjoying one another's company and having fun representing their school. On the field they were praised for their supportive nature of one another and of the opposition and on more than one occasion their sportsmanship was commented on by coaches and supporters of other intermediates. The girls themselves saw the impact of their actions through the support shown to us by other schools waiting for their own matches.

It is moments like this that make us realise how well the students of SWIS embody the school values of being Safe, Respectful and Responsible. This is just one example of the wonderful moments that have made up the first half of the year so this message is about them.

It's also about the students at the Mud Run who carried nervous students through water obstacles.

It's about the students who went to find a teacher to support other staff members who needed help.

It's about the Kapa Haka students who performed at the Village in the Park retirement village.

It's about the students who support those students for whom English is not their native language.

It's about the students for whom English is their second language and all the effort they have made.

It's about the students who have made progress with the goals that were set early in term 1.

It's about the students who support causes like Pink Shirt Day to stamp out bullies,

And it's about the students who strive to behave in Safe, Respectful and Responsible ways each and every day.

So often it is easy to get bogged down by some of the negativity that so often surrounds us so we wanted to take this opportunity to celebrate the little things that happen every day to make SWIS a great school to be a part of.

Nga mihi,

Rauru Walker and Howard Young

WRISSA Hockey

Last week was the WRISSA hockey tournament held over two days at the National Hockey Stadium. The best hockey players from the Wellington Intermediate Schools came together to showcase their talents in some hard fought games. Unfortunately it was hard going for both the boys and girls teams, although both were able to record a couple of positive results throughout the day.
